ABOUT ME

I am a dedicated and ambitious frontend engineer with nearly 3 years of experience in the industry.
With a Bachelor's degree in Web Development and an AP degree in Multimedia Design, At Kupla ApS, I focus on frontend development while overseeing design and ensuring smooth project execution.

Passionate about learning and contributing to dynamic teams, I excel in communication and adapt easily to various environments. Known for delivering high-quality code and innovative solutions, I thrive in collaborative roles, creating scalable solutions with the end-user in mind. I am excited to bring my skills and proactive mindset to my next position.

WORK EXPERIENCE

Kupla ApS
Silkeborg | Sep. 2023 - now

Front End Lead
Mar 2024 - now

- Leading frontend development of Kupla.io, advancing the web platform in collaboration with stakeholders.
- Ensuring seamless integration of technical solutions to enhance user experience and achieve strategic objectives.
- Overseeing project timelines, task assignments, and quality control to deliver high-standard web solutions.

Frontend Engineer
Sep 2023 - Feb 2024

- Spearheaded frontend development, transforming the platform from a simple CRUD app to a user-friendly solution.
- Enhanced user interfaces and integrated advanced features using Next.js, Tailwind CSS, AWS, and Stripe.
- Working with modern Ai infrastructure and industry leading AI models.
- Validated platform's appeal and scalability through strategic development and robust frontend solutions.

Firtal (Matas Group)

PERSONAL INFORMATION

In my free time, I stay active with sports like running, gym, volleyball, and football. I also enjoy reading books, playing video games, and socializing with friends.
I am always trying to keep up with the latest industry trends and continuously learning new technologies and practices.

I thrive in dynamic and collaborative environments and take pride in building strong relationships and contributing positively to team efforts. With a keen attention to detail, a passion for learning, and a drive to deliver high-quality results, I excel in various team roles and am always ready to support and inspire my colleagues.

My goal is to contribute effectively to innovative projects and continuously develop both personally and professionally. I am eager to bring my skills and proactive mindset in a role, where I can collaborate with a talented team to deliver meaningful products and solutions for the wholesale business.
